SKILLS

Proficient in HTML5, CSS3, JavaScript, React, Node.js, and TypeScript, enabling me to excel in both frontend and backend development.

With a background in media sciences and journalism, I possess strong communication skills and a deep understanding of user needs.

Skilled in developing user-friendly interfaces and implementing complex functionalities to meet project requirements effectively.

As a Full Stack Developer, I am capable of collaborating with multidisciplinary teams to deliver high-quality solutions that meet client needs.

EMPLOYMENT

Professional Full Stack Developer

Dec 2022 – Present

WildGameArts

Responsibilities

- Collaborating closely with cross-functional teams such as Marketing and Design.
- Developing high-traffic web applications using Node.js, React, and TypeScript.
- Ensuring proper implementation of project requirements.
- Writing error-free and maintainable code.
- Developing and maintaining database applications using MongoDB.
- Deploying and maintaining cloud applications, specifically on platforms like Azure and Kubernetes.
- Technologies: Node.js, React, TypeScript, MongoDB, HTML, CSS, JavaScript.

Full Stack Developer (Mid-level)

Jun 2021 – Dec 2022

WildGameArts

- Developed proficiency in both frontend and backend development, utilizing technologies such as Node.js, Express.js, and MongoDB for server-side development.
- Led the development lifecycle of web applications, including database design, API integration, and frontend implementation.
- Applied expertise in TypeScript to ensure type-safe development and improve code maintainability.
- Mentored junior developers, offering guidance on frontend and backend technologies, software architecture, and debugging strategies to facilitate their professional growth.

Frontend Developer

Apr 2019 – Jun 2021

Freelancer

Responsibilities:

- Utilized HTML5, CSS3, and JavaScript to create pixel-perfect UI components and responsive web layouts.

- Leveraged React.js to build dynamic user interfaces and streamline frontend development processes.
- Collaborated closely with designers and backend developers to integrate frontend components with backend systems, ensuring seamless data flow and functionality.
- Actively engaged in performance optimization and browser compatibility testing to enhance the overall user experience.

Junior Frontend Developer

Jan 2019 – Dec 2019

Freelancer

- Joined the development team as a Junior Frontend Developer, contributing to the implementation of user interface designs and functionalities.
- Collaborated with senior developers to translate mockups and wireframes into responsive web pages using HTML5, CSS3, and JavaScript.
- Gained hands-on experience in frontend frameworks like React.js, enhancing interactivity and user experience.

LANGUAGES

English

German

EDUCATION

Full stack Web Developer

Dec 2022 – Dec 2023

DCI Digital Career Institute GmbH, Berlin

Completed MERN stack training with practical projects, including a substantial final project. Proficient in front-end, back-end, and user interface design.

Media Studies

Sep 2008 – Jun 2012

Baghdad University, Baghdad (Iraq)

HOBBIES

■ Photography, Dancing, Cooking

ACHIEVEMENTS

- Proficient in HTML5, CSS3, JavaScript, React, Node.js, and TypeScript.
- Successful transition from Junior Frontend Developer to Professional Full Stack Developer.
- Led end-to-end development of multiple web applications, integrating frontend and backend systems.
- Demonstrated expertise in TypeScript for type-safe development and code maintainability.
- Mentored junior developers, fostering their growth in frontend and backend technologies.
